**Updated August 15, 2021 | [www.indyarts.org](http://www.indyarts.org)**

The Arts Council of Indianapolis is the lead arts advocacy and services organization for central Indiana. Our mission is to foster meaningful engagement in the arts by nurturing a culture where artists and arts organizations can thrive. As part of our mission, we own and operate the Indianapolis Artsgarden, an iconic arts and cultural venue in the heart of downtown. The Artsgarden hosts more than 300 free public performances annually. In addition, private rental events held in the Artsgarden help to support the organization's nonprofit mission.

The health and safety of staff, artists, guests, and visitors is our top priority. The Arts Council of Indianapolis, including the Indianapolis Artsgarden, is adhering to all COVID-19 public health guidelines issued by federal, state, and local officials reflected in our safety plan which includes the following components. Arts Council management is evaluating each requirement on a real-time basis. When changes are implemented, Arts Council and Artsgarden leadership will share updates on its website and directly with artists and event partners.
