EXHIBITION

Israel Solomon: An Exploration of Color

January 3 - 26

Influenced by street art and graffiti, Israel Solomon's work ranges in subject from geometric shapes to the human figure and portraiture and is an exploration of bold and bright color. He infuses his love of hip hop music into his drawings and paintings using repetitive and rhythmic imagery.

Learn more at www.israelsolomonart.com.

*Exhibitions may not be on view during private Artsgarden events.
